Feedback from Year 1 parents / carers

(Following looking at children's learning in their books)

I think my child is taught a lot in school and he has all the time and good support of the teachers.

Absolutely loved reading through the books and seeing what they have been doing.
Especially enjoyed reading their stories – so imaginative!
These books are a great insight into our child's journey through school.

Always lovely to see their work at school and how my child is developing.
We will encourage him to focus for longer periods at home and hope this will carry over to the classroom environment.

Really enjoyed reading about my child's progress. Very proud of her.

My child's development is very good. Good to see how she likes studying.
This is an excellent school.

I am very pleased with her learning. She is really enjoying school and learning.

Outstanding progression visible in all areas.
Has really excelled in year 1 with Miss Kelvin and is extremely fond and respectful of her teacher.
Great teaching, thank you.

It's lovely to see my child's work. A little insight into her school learning.
Good to see the progress too.

My child has improved so much in the last few months; he has confidence and is enthusiastic to learn as he enjoys his class so much and has a lot of trust in his teachers.

I can see nice progress in my child. I think it is important for a child's development to see them working by themselves as well as with others which is evident from her books.

Great photos in the books. Love the work my child did with his sister. He is doing really well in Pandas. He is happy coming to school.

I am very proud of my child's progress. It has been lovely to see all of his hard work and wonderful photos of everything he has be up to.

My child has made excellent progress. I'm very happy with his work at home and school.
He comes home with some interesting facts and information.

Brilliant, well happy with his learning. He looks so happy in the pictures in the books.

Lovely to see how my child is progressing and how much has been covered.
